Subject: Alignment Survey: Career-Technical Assurance Guide (CTAG) in Behavioral Health

Background Information: The Ohio Department of Higher Education is reaching out to collect responses from all two- and four-year Ohio public institutions of higher education regarding a proposed alignment for the Career-Technical Assurance Guide (CTAG) in Dental Assisting . Learning Outcomes for two CTANs were endorsed by the state in February 2021. In this survey, we are asking respondents to indicate whether or not the Ohio Department of Education (ODE) competencies align with the post-secondary learning outcomes for the (Career-Technical Alignment Number) CTANs. The CTANs are (1) **Dental Radiography** and (2) **Introduction to Dental Assisting**.

Please share this survey with the person most familiar with the content and subject matter in Dental Assisting. Following statewide endorsement, a formal announcement will be sent out. If your institution offers a course similar to the Dental Radiography CTAN and/or Introduction to Dental Assisting CTAN, the announcement will be your indication to submit your course through the CEMS (Course Equivalency Management System).

What We Need from You: This memo addresses the need for statewide endorsement of the alignment of Dental Assisting Pathway Career Field Technical Content Standards to the postsecondary learning outcomes for the Dental Radiography and Introduction to Dental Assisting CTANs.

Please arrange to have an appropriate faculty at your institution complete the survey as soon as possible **but no later than Wednesday, May 12th**. We are collecting **only one representative** response per institution.

A copy of the proposed alignment is attached for reference and will be needed to complete this survey. Rachel Kearney, from The Ohio State University, serves as our lead faculty expert and worked with a faculty panel to complete this alignment. **The online survey is available through the following link:** <https://www.surveymonkey.com/r/NTGNKTG>
